RE: Letter of Recommendation

Damian

I just wanted to take minute to express our appreciation for not only the above referenced project, but for all of the projects in recent years that you have provided us with specialty equipment. I especially wanted to extend my appreciation for the quick turn around on some of the specialty items added to this project at the last minute. You all did a great job supplying the materials needed in a very short time frame.

We look forward to many more projects with you and DEA Specialties, Co., Inc. in the coming years.

Best Regards,

Jerry Bradford
Project Manager, LEED AP
